

LUMATEC

SUPERLITE M05

Product Features

Features	Descriptions
Operation Type	• Interchangeable Light Head • All specialty light heads may be operated with just one re-chargeable battery pack
M05 Multihead	• 4 – 6 different LEDs are integrated in one head • Change between wavelengths by rotating the housing • Enables quick and comprehensive evidence detection at the crime scene
Anti-Roll Design	• Hexagonal anti-rolling design prevents drops and enables the creation of grazing light close to the ground • In combination with the new battery pack II, twist-proof connection that prevents damage due to incorrect operation
